## **VizZle<sup>®</sup> Issues Call for TechGrant Applicants in California**

*Company accepting proposals for free autism software subscription-based grants*

**Shaker Heights, OH** (Mar. 17, 2011) – Developed to help teachers individualize learning for students with special needs, VizZle is seeking applications from qualified learning institutions in California for its Visual Learning TechGrants. Each TechGrant provides access to VizZle software for up to 10 teachers, as well as professional development and ongoing support, up to a \$10,000 value.

Any learning institution working with children who would benefit from visual learning and language supports is eligible to apply. This includes, but is not limited to, students with autism, pervasive developmental disorders (PDD) or Asperger’s syndrome. Applications can be found at [www.monarchteachtech.com/pressroom](http://www.monarchteachtech.com/pressroom) and must be returned by April 22, 2011 to [techgrant@monarchtt.com](mailto:techgrant@monarchtt.com).

Five grants will be awarded; winning applicants will be notified by May 2, 2011.

### **About VizZle**

VizZle, produced by Monarch Teaching Technologies, is an easy to use, web-based authoring tool teachers use to create visual learning supports for students with Autism and other special learning needs. VizZle's library of more than 15,000 media assets help educators create and share visual learning supports for organization, instruction, and expression.
